How to assign a login to a cash register?

There may be instances where you may want to restrict your employee to only a specific cash register. In such cases you can simply assign a login to a specific cash register.

Here are the steps which you need to follow to do this.

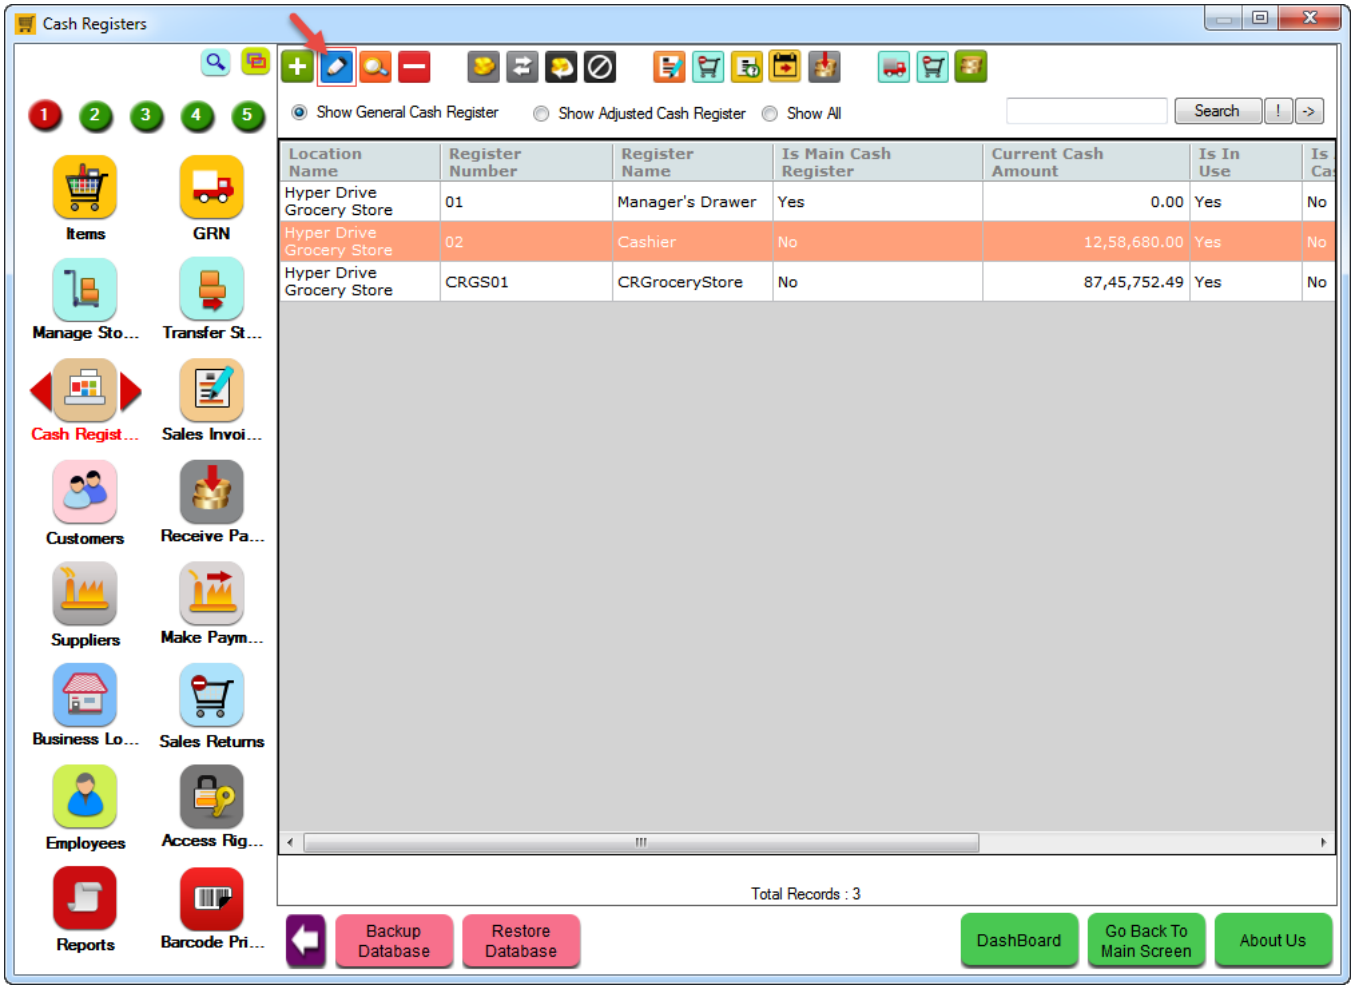

1. Run **HDPOS smart**. From main screen select **Set-Up**.

2. From 1 st page of **Set-Up**, select **Cash Register**.

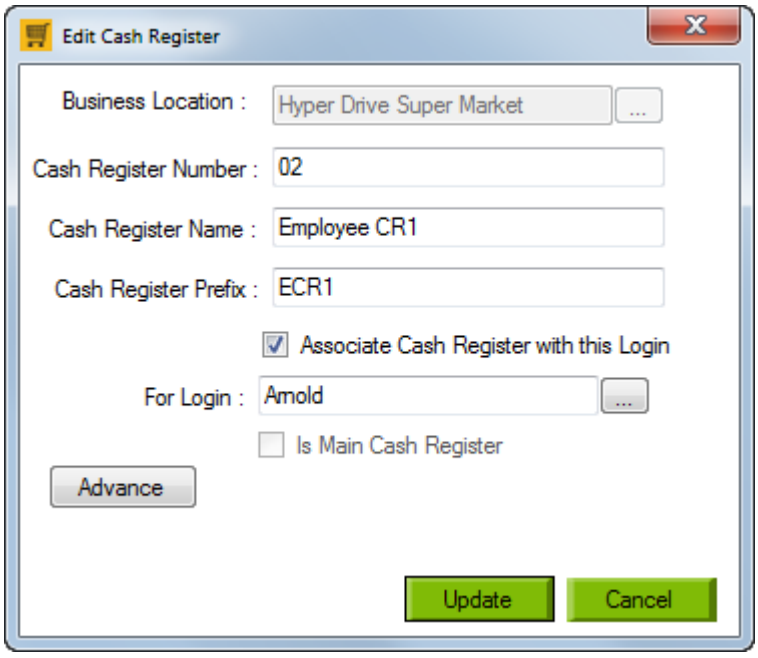

3. From Manage Cash Register screen you will see all the cash registers that are created. Select the **cash register** and click on **Edit Cash Register** option from tool strip.

4. This will open the **Edit Cash Register** screen where you can enter the login of the employee.

- Check the checkbox **Associate Cash Register with this Login**.
- From **For Login** checkbox, select the login which you to want to associate with login.
- Click on **Update**.

Note: Once you associate an employee Login to a specific Cash register the user will not be able to change his Cash register or business location.
