7. You will be prompted to enter how much of each cash denomination you are starting with in your Cash Register.
8. Enter the cash register opening balance.

Start Cash Register [Close]

Cash Register : 03 - Sales - Peter

Add Opening Balance :

Select Denomination : 100(2); 50(2); 20(1); 10(2); 5(10);

9. Click Save to start the register with the starting amount entered.

Note: Added opening balance appears in the cash transfer history (Cash Transfer Module). This will deduct amount (Amount you added as opening balance) from Master Cash Register.
