How to add additional images for an Item?

HDPOS smart provides you the facility to add more than one image for an item. These additional images will not be seen anywhere in the application, it will only be useful for displaying the same in portal (something like different views of an item).

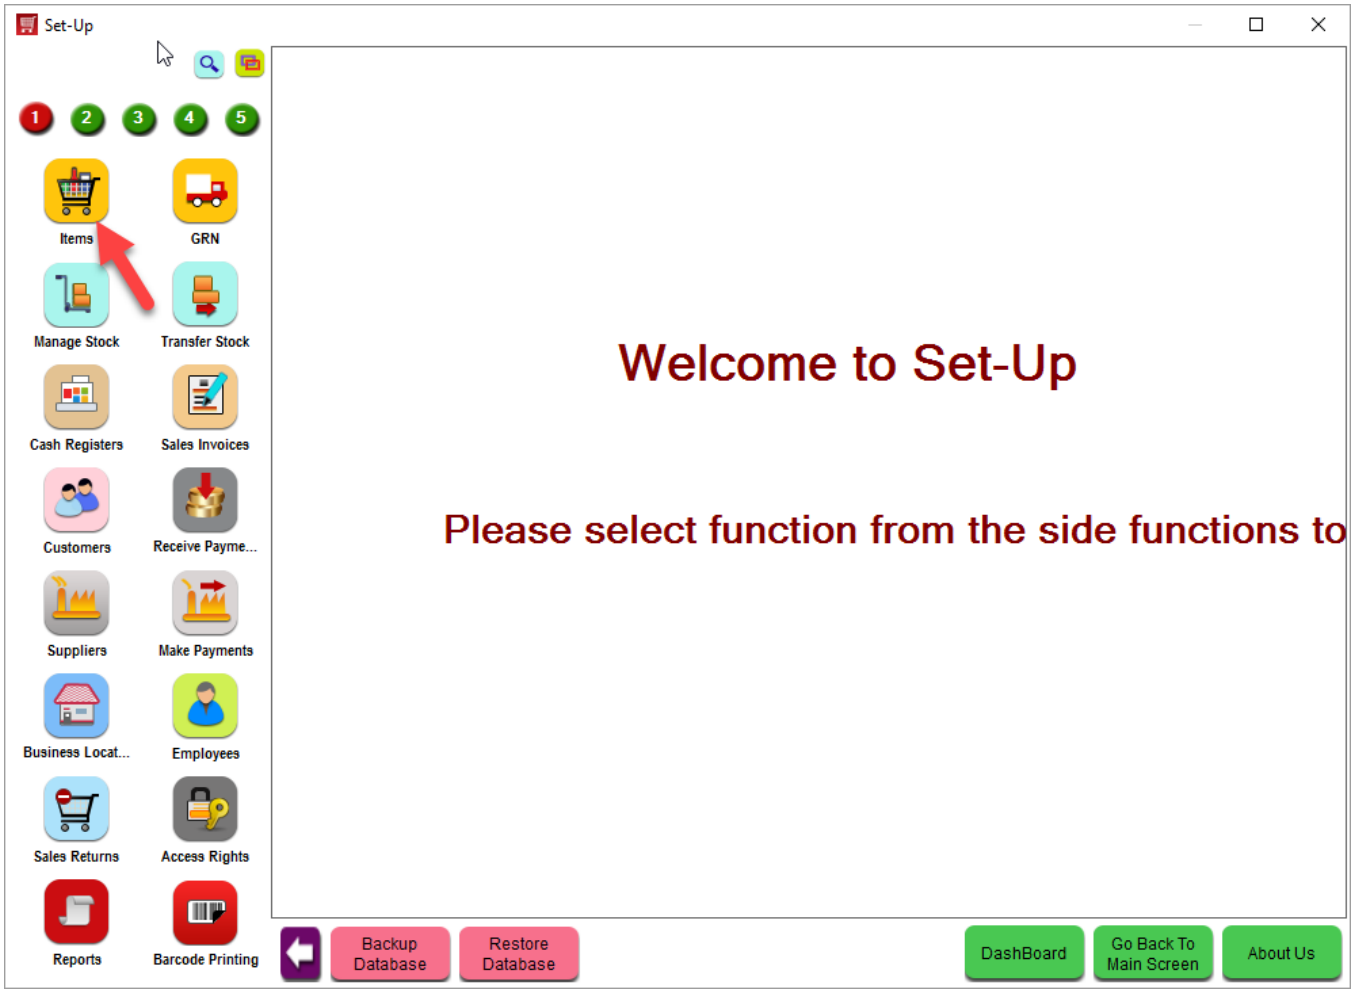

Follow the below steps to add additional images for an item :

1. Run **HDPOS smart**.

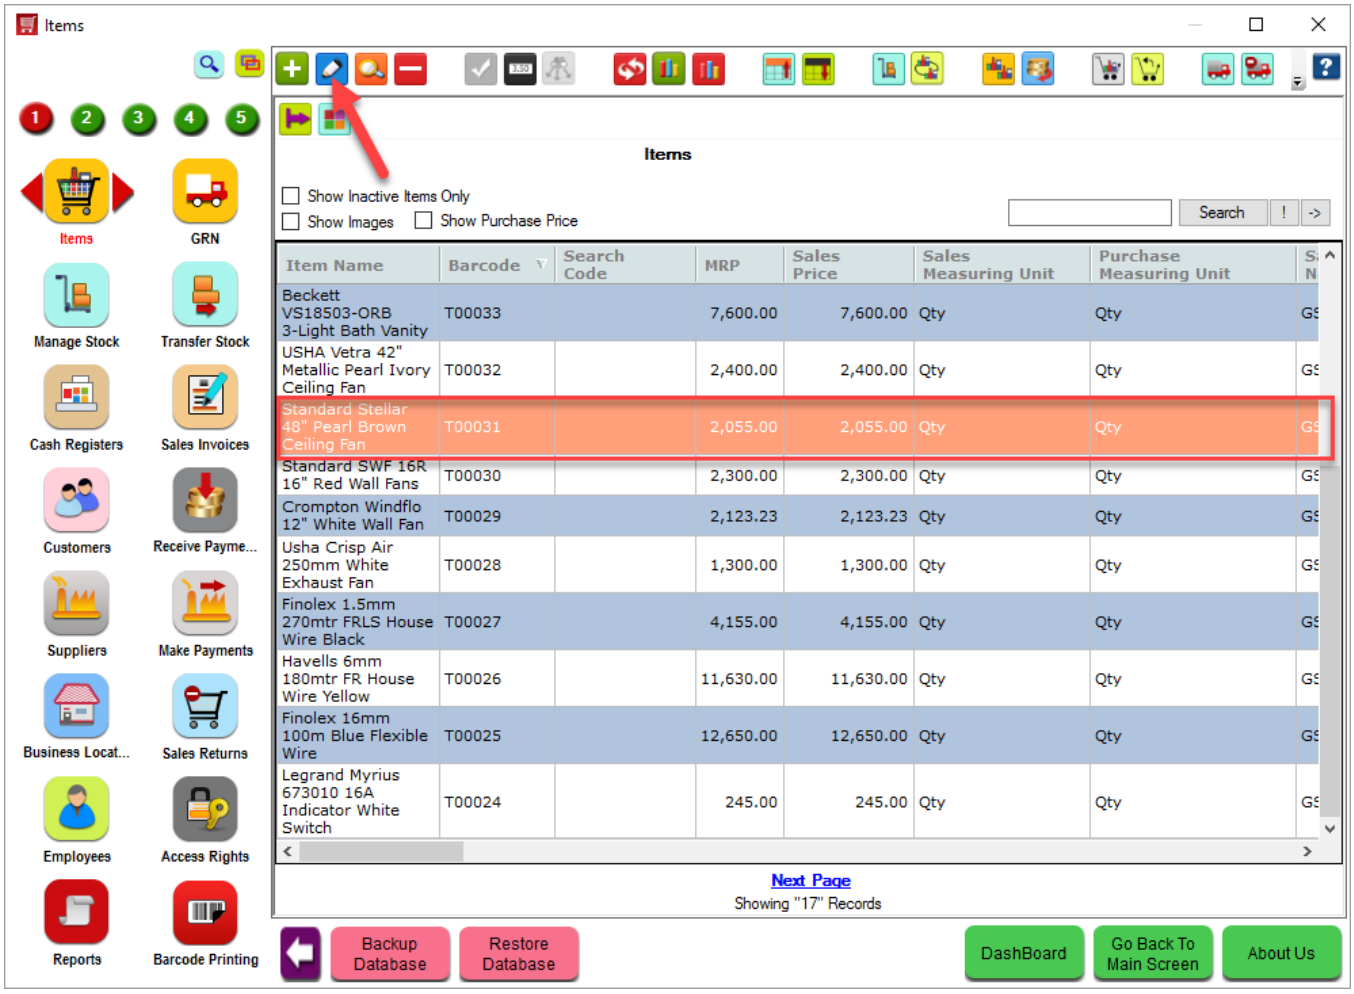

2. From Main Invoice screen, click on **Set-Up**.

3. From 1st page of **Set-Up** select **Items**.

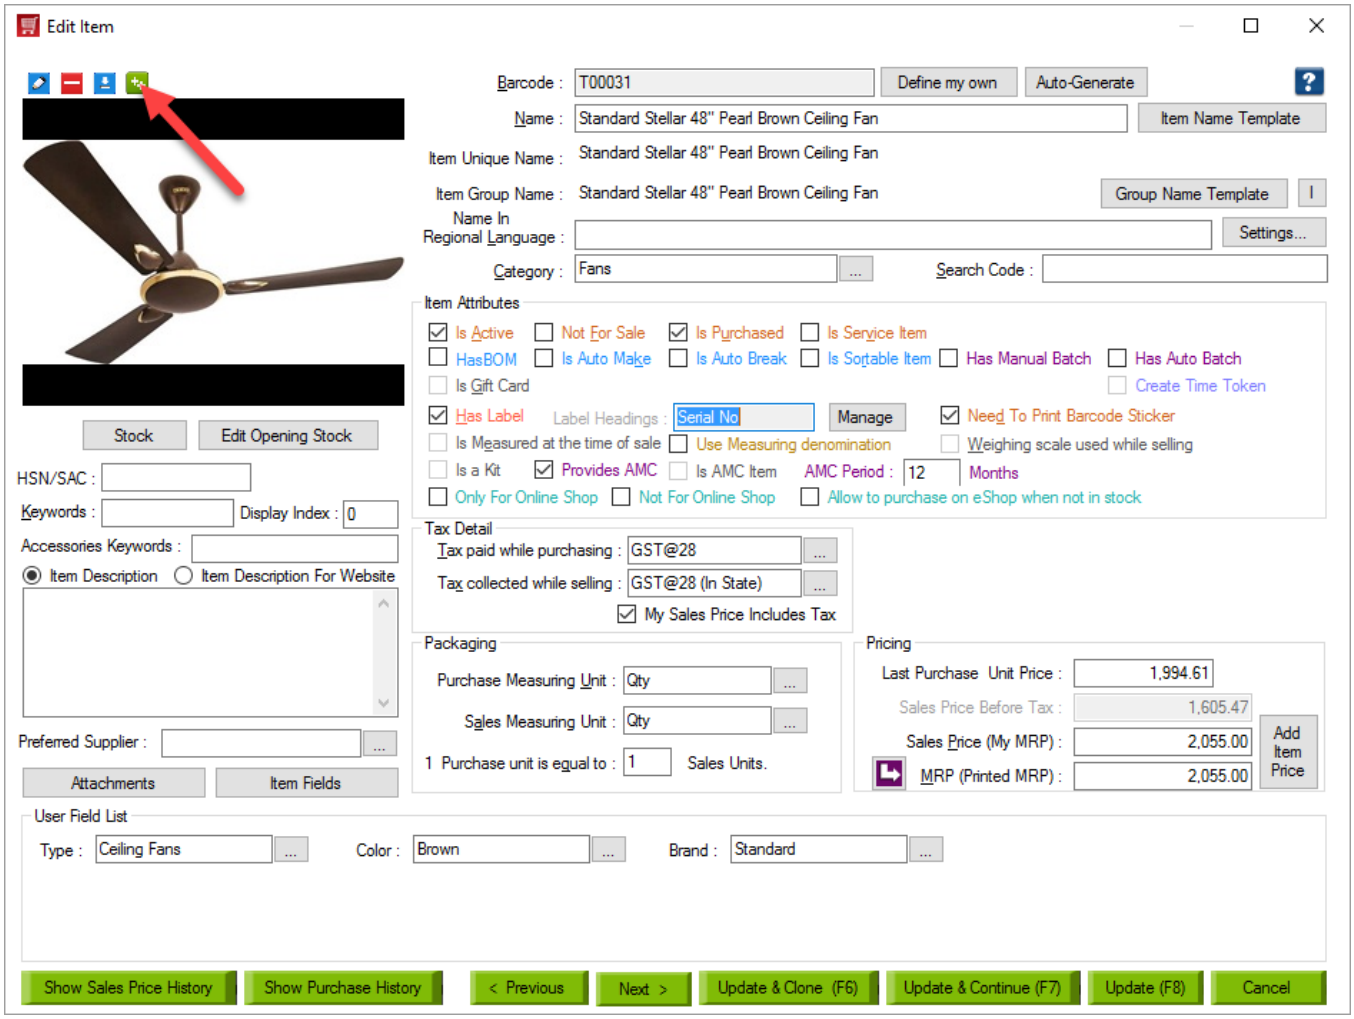

4. From **Items** select the item for which you want to add additional images and click on **Edit Item** from **Items** tool strip as shown below.

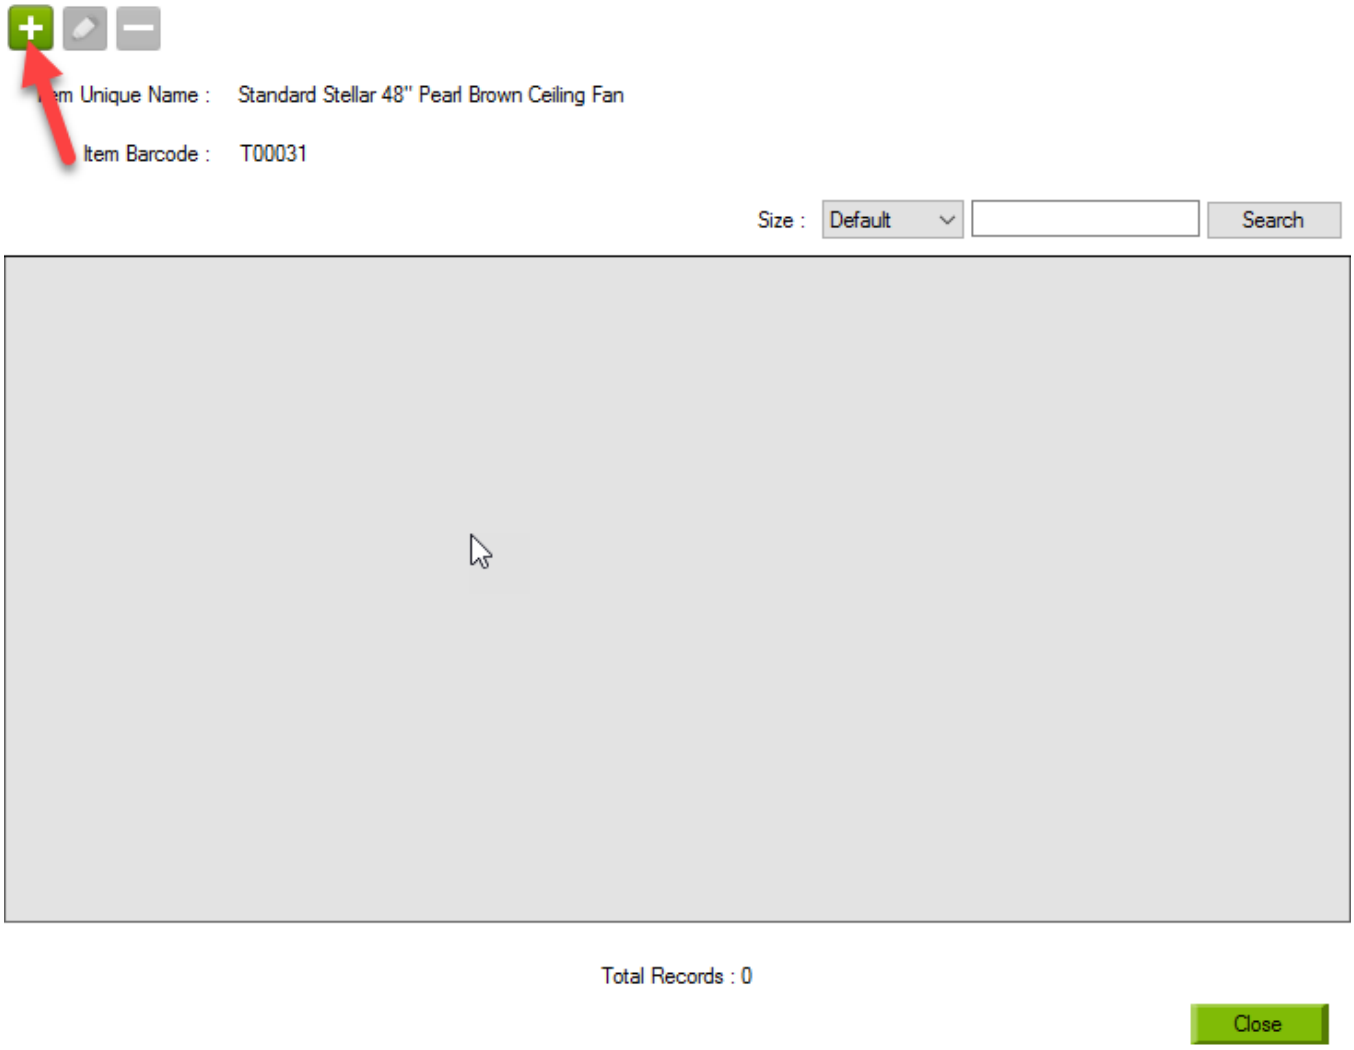

Note: The Add Additional Image option will only be visible in the **Edit Item** screen.

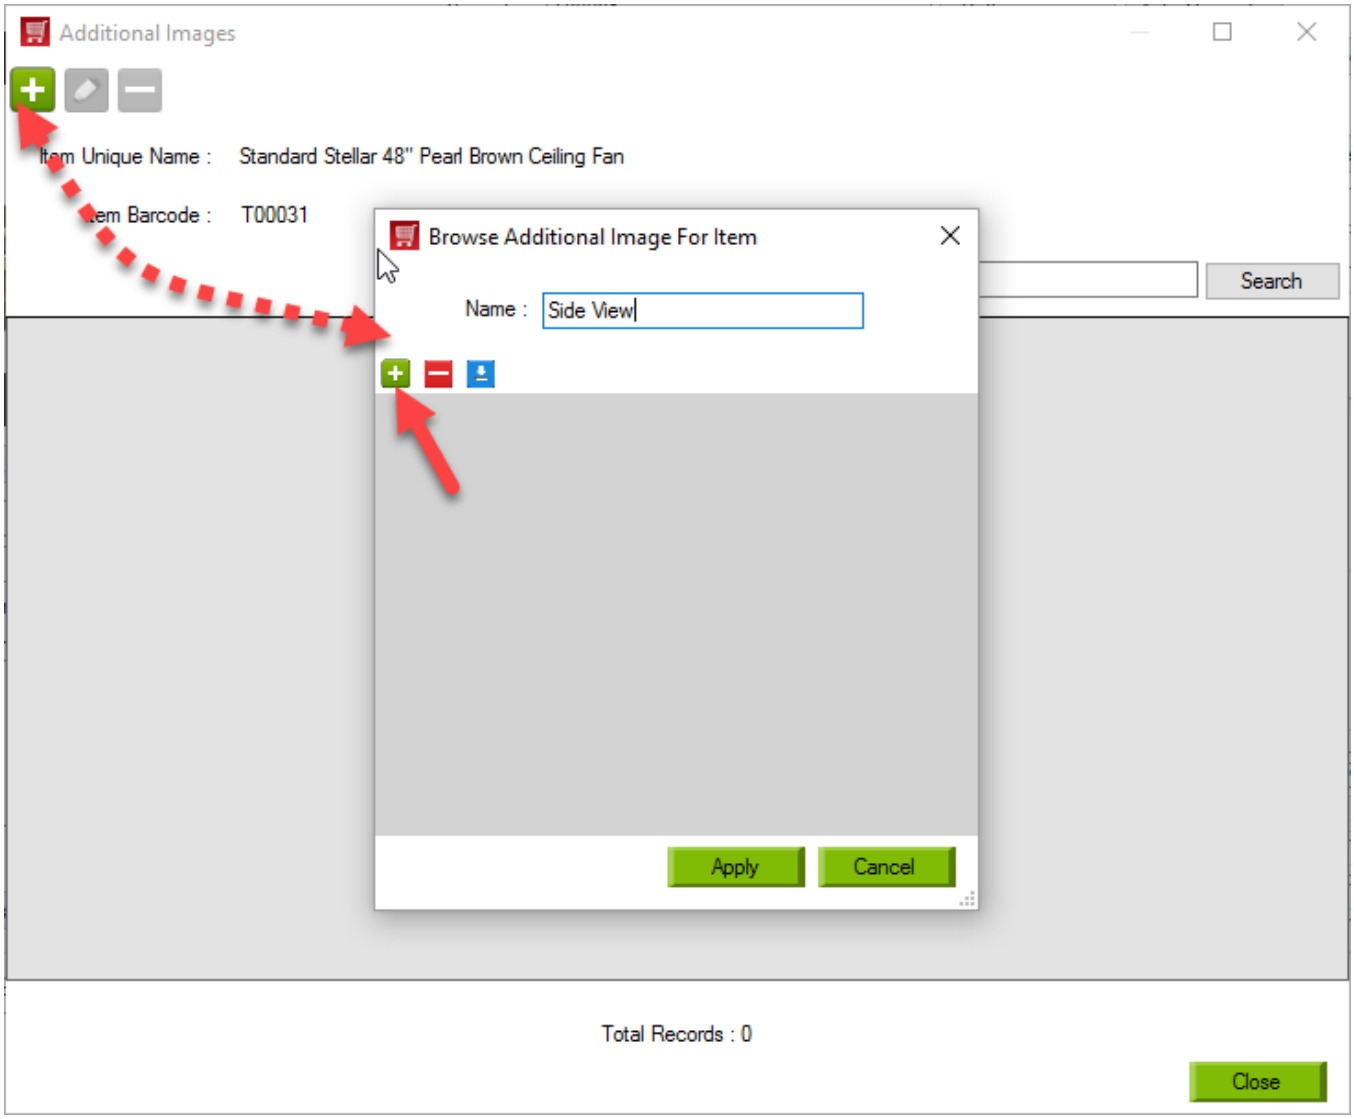

5. **Edit Item** screen will be opened. Click on **Add Additional Image** button above the item image.

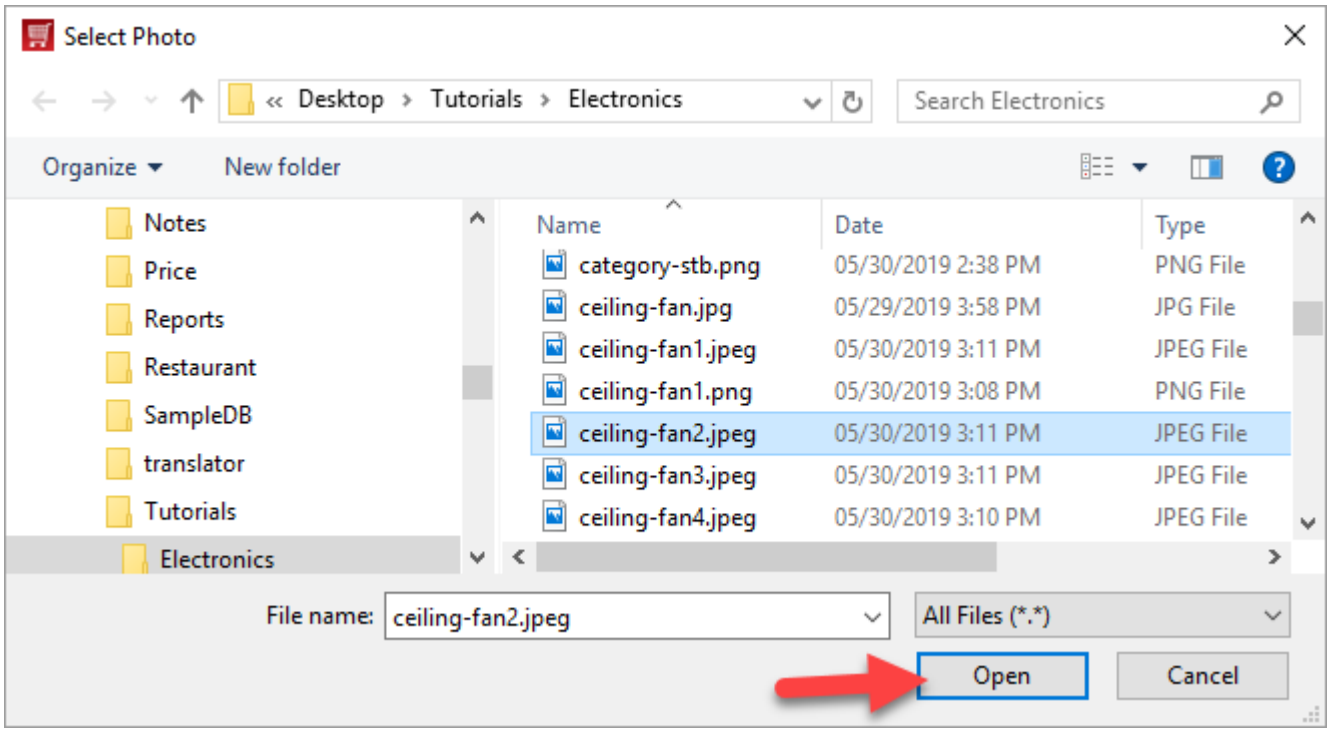

6. From the **Additional Images** screen, click on **Add Additional Image for Item** button.

7. **Browse Additional Image For item** screen will be opened. Enter the name of the Image. Click on **Add Image** button.

8. Browse for the image and select the image which you want to add. Click on **Open**.

9. Image will be added. Click on **Apply**.

10. To add more images, repeat Step 6, 7, 8 and 9.
